

Codespring in the Press

During 2013, our company and its published research papers were quoted by several publications:

Outsourcing Journal

The Outsourcing Journal was initiated in 2009 by the German Austrian Swiss Outsourcing Association (Deutscher Outsourcing Verband e.V.) and provides since then in depth information, industry news and insights about the German, European and Global IT- and business service industry.

ITO News

ITONews.eu is information analytic platform about IT outsourcing in the countries of Central and Eastern Europe. It strives to form the complete view on the potential of the CEE region, the promising cluster for outsourcing services provision, and to create the common information flow about IT outsourcing from Central and Eastern Europe. ITONews.eu is the project of Central and Eastern European Outsourcing Association (CEEEOA).
